

In-Plan Coverage Update

*HNE is preparing for implementation of the **women's preventive health benefits for commercial plan members** as required by the Affordable Care Act (ACA). Effective 8/1/2012, HNE will provide coverage for the preventive health services listed below. For services provided by an In-Plan provider, the services will be covered in full. There will be no copay, co-insurance, or deductible for these services when provided In-Plan.*

- **Well-women visits**
- **Screening for gestational diabetes**
- **Human papillomavirus (HPV) testing**
- **Counseling for sexually transmitted infections**
- **Counseling and screening for human immunodeficiency virus (HIV)**
- **Contraceptive methods and counseling***
- **Breastfeeding support, supplies, and counseling**
- **Screening and counseling for interpersonal and domestic violence**

For a list of these devices and prescription drugs, please visit our website at **www.hne.com/HNE_Pharmacy/formulary** and follow these steps:

1. Under OR search by one or more of the following: go to the Copayment Tier/Status drop down and select \$0 Copay
2. Go to the Therapeutic Class drop down and select the item you are looking for (Contraceptives, Oral Contraceptives, etc.)
3. Be sure to select August 1, 2012 in the date field. The \$0 coverage is not effective before that date. If you do not choose August 1, 2012 in this field, your search will not indicate any results

As with any covered service, HNE will continue to monitor the effectiveness and cost of the covered services, as well as any ongoing changes to regulatory requirements. HNE may adjust benefits accordingly based on these considerations.

If you have any questions, contact Provider Relations at **413.233.3313** or **800.842.4464, extension 5000**. A representative is available to speak with you between the hours of 8:00 a.m. and 4:00 p.m. Monday through Friday.

* \$0 coverage limited to certain contraceptive methods, certain generic prescription drugs, and certain devices.
